

SYDNEY EMMAUS WALKS IN FIJI JULY 2008

To: *the Emmaus Communities* sending team members and/or supporters to Sydney Walks 113 and 114 in Nadi, Fiji

Re: *the bookstall in Nadi*

I would like to propose that all team members / supporters going to Nadi donate, as an act of agape, a book/ CD/ DVD (new not second-hand) to the Men's and Women's bookstalls.

These items would be made available to the pilgrims and Fijian team members at a very modest price and all profits could be donated to the ongoing costs of the new Fiji Emmaus Community.

Any unsold items could be donated to local theological college libraries or other institutions deemed appropriate. Christian books / materials are not readily available in Fiji and there costs are prohibitive.

Team members and supporters need to be mindful that the weight of these items will be added to their personal luggage. (The communities from which you come may wish to be 'super' generous. That being the case you will have to figure a way of getting the items to Fiji.)

To give you some ideas I am including a list of the items that the Fijian pilgrims and team members who have attended Sydney walks over the past four years have purchased (beginning with the most recent).
